

**GEOMETRY  
COURSE DESCRIPTION  
EVERGREEN HIGH SCHOOL  
2024**

**INSTRUCTOR:** Robert Remec  
**WORKPHONE:** 303.982.5071  
**e-MAIL:** [rremec@jeffco.k12.co.us](mailto:rremec@jeffco.k12.co.us)

**REQUIRED MATERIALS:**

TI-84 Plus or CE  
Pencils or Pens  
Paper  
1 Box of Kleenex to share

**COURSE DESCRIPTION:**

Geometry is a course designed to actively engage students in guided and open-ended mathematical investigations. We will begin by learning some of the basic terms of geometry and becoming familiar with the tools we will use throughout this course. Transformational geometry is explored and logical reasoning skills are developed. During the semester, algebra skills are integrated ensuring that these skills are maintained. You are also expected to learn by reading – to enter class with prior knowledge about the topic while expanding your technical reading skills.

**GRADING POLICIES AND PROCEDURES:**

Homework/Participation	20%	A = 90 – 100%
Quizzes	25%	B = 80 – 89.99%
Tests	40%	C = 70 – 79.99%
Final Exam	15%	D = 60 – 69.99%
		F = 59.99% or below

**EXPECTATIONS**

Missing over ½ of the class constitutes an absence. To avoid being marked tardy, students should be in their seats ready to begin work when the bell rings. Tardies will result in a consequence.

If you are absent for a test or quiz, it is **your responsibility** to make them up in a timely manner according to district guidelines. One absence on the day prior to the test date **will not** excuse you from taking the test on the given date. Test retakes and/or corrections will not be offered, so be prepared on test day. No notes are allowed on either quizzes or

tests. I will make you aware of formulas that will be given to you and those which need to be memorized. Review materials for tests will always be available approximately one week prior to a test. It is **your responsibility** be prepared to ask questions on the review day.

Daily homework assignments will be given to provide each student with practice and feedback. In addition to the assignment, rereading and studying notes from class and the book is crucial. **I do not accept late homework!**

Thursday Advise/HR sessions will be dedicated solely to absence-related work such as making up missed tests and submitting missed homework assignments. Please note that I will not be answering questions related to tests or quizzes. Wednesday morning Access and Advise times will provide all students the opportunity to go over any questions related to quiz and test review.

#### **OTHER EXPECTATIONS:**

1. Bring materials daily
2. Get help as early as possible if you are struggling
3. Remain seated until the end of class
4. Treat the teacher, our school, and other students with respect
5. No cell phones and smart watches are allowed to be used during class time. They are to be placed in the phone cubby as you enter the classroom each day. Please do bring your fully charged chrome book every day because textbooks, assignments and activities will be accessed via chrome book.

The e-mail system is the preferred method of contact.
